Navigator Prology iMap-5600MG. Prology iMap-5600MG – is a car navigator, equipped with a widescreen touch screen display with a diagonal of 5 inches, with a resolution of 800x480 and internal memory size of 4Gb. For navigation, it uses the iGO primo navigationThe program, which can operate in two modes: from a car navigator and from a GPS receiver. In car mode, the program shows routes, tracks, text documents, traffic jams, and radars. In GPS-Receiver mode iGO primo calculates routes for your bike, taking into account the terrain, and shows tracks, text documents, and addresses. In this mode the navigator is used for route guidance, and when you reach your destination, the navigation from the receiver is turned on. The navigator has 8 GB of internal memory, which can be expanded with a microSD card. The screen of the navigator is covered by protective glass Corning Gorilla Glass, has an anti-glare coating. The navigator has a large touch screen, a diagonal of 8 inches, which provides comfortable operation. Navigation GPS. Works with the navigation program Navitel. You can also use Yandex.Navigator. Navigator has a number of features that allow you to use it not only as a GPS navigator, but also as a mp3 and video player, e-book reader, photo frame. The navigator has an FM tuner for listening to the radio. The navigator has a built-in lithium-ion battery with a capacity of 1700 mA/h. The navigator has a slot for a memory card micro SD. The navigator has a lithium-polymer battery with a capacity of 800 mA/h. The navigator has the ability to connect an external GPS antenna. The navigator has the ability to connect an external FM radio antenna. Your navigation device has an external FM antenna. Your navigation device has an external FM antenna.
