This is one of the main secrets if you think that you can pass the game with the help of cheats. You can download cheat codes on our website. Or try entering one of the cheat codes in the console. Basically there is a cheat code for immortality, but sometimes there is also a cheat code for invulnerability. To do this, you need to enter the console (press the ~ button), enter the name of the cheat code and press enter, you will get immortality. If you want to enter a code for invulnerability, then you need to enter the name of the cheat code, and then enter the word "
