System Requirements:

Xbox One (tested) Wii U (tested) PC Mac PS4 (testing) Remember: the desktop version of the game is a work in progress. It's often the case that games are first released on one platform and then ported to other platforms (or vice versa) at a later point. The legacy of that process is a game that can be cumbersome to play on a platform other than the one it was originally designed for. The good news for the Xbox One, Wii U, and PC players
