Trinity Grade 1 PDF

Rating 5 stars - 1307 reviews (what's this?) by Jeremy M. on 01/16/2014 This book just came out, and it's awesome. It's got all the standard notes, the fingering patterns, the staff, and the classical guitar techniques. Lots of scale runs and arpeggios, and there's even a good simple compositional example. I've just got to get one of these for myself. Rating 5 stars - 585 reviews (what's this?) by Brainerd Skov on 08/29/2013 Book review. I ordered this book at a bargain price for use as a resource for my kids. I was not disappointed. I highly recommend this book to any classical guitar student. It is written for the trinity but is something I would recommend to any guitar student. It's fun and easy to read.
