While the world overruns by the influence of the Empire, the Dukedom of the Elden Knight, who originally built the Kingdom of Elden around the power of the Elden Ring, has been overthrown by the Dukedom of the Kingdom. The Kingdom of Elden, now under the command of the Empire, is leaving the Lands Between to finally conquer the world in a bloody war. In the Lands Between, the lands beyond the Kingdom, a magical energy of unknown origins has been found, and a mad sorcerer has exploited it and becomes a powerful being. In response, from the Elden Ring, the 'Elden Knight', a hero who once defeated an elder god, has been resurrected and now protects the world. In the Army of the Empire, the army of the Empire has started a war against the Kingdom of Elden and the Lands Between to take control of the world. In the army, the new High Lord, a young Elden Knight who has never traveled outside of the Kingdoms, commands the Army of the Empire. At the same time, in the Lands Between, a fierce fight between the Dukedom of the Elden Knight and the Army of the Empire wages on. The fate of the Kingdom of Elden and the Lands Between is hanging in the balance... This is a fantasy action RPG in which players freely travel through a vast world and battle against thousands of enemies. Players can not only hunt down monsters and experience the thrill of battle, but also play a role in the drama of the Lands Between. To begin, players begin a new life as a hero or a villain, a knight or a witch in a feudal world ravaged by the influence of the Empire. As the player proceeds, characters will be placed on a new journey and fight against new enemies, and the freedom of your choice will be the foundation for your story in the Lands Between. What's new:

The new fantasy action role-playing game [DMM Official Site], due out in Japan on October 10, 2017, will be available in Japan, Europe, and North America from DMM Games. An action role-playing game set in an immersive fantasy world, Tarnished features three different classes for players to customize and develop as they journey to the Lands Between, where the demon king Belzebug seeks to conquer the world. Develop your skills as you fight with a combination of weapons and magical abilities. An epic battle fantasy set in a vast world, Tarnished has been themed by the manga known as "Grimms Notes." Manga artist game designer, renowned author and illustrator MANGA NOTE's debut work "Nobuchika, The King of Monsters" is included in Tarnished.

New Class Combos

- **Sting Rapier** • **White Magic Talent** The rapier class gains the ability to perform stinging quick attacks, which invokes a massive amount of adrenaline, instantly raises your attack power, and presents opportunities to perform powerful incredible techniques using the object's properties.
- **Green Magic Talent** The magic ability that uses the "TALENT" attribute in some effects is used by the skill "Miracle." The player will be able to apply certain skills at will, gain "Miracles," and then use the remaining attribute left to move on in the battle. The class skills consist of special techniques, regardless of class, and are not available if the player does not have the attribute. Credited to character designer and illustrator Mana Kobayashi (Persona 5 the Animation, Persona 4: The

Animation, Persona 3 the Animation, Hazuki no Rirekisho Spirits) as character design supervisor, "Tarnished," a project created by THQ Nordic and publisher NIS America, will be released worldwide in early 2018 for the PlayStation 4 computer entertainment system, the Xbox One family of devices, and Windows PC. Gameplay In the Tarnished action role-playing game, three playable characters are present. All three characters can simultaneously use all skills, but the entire party can only perform a single special technique at a time, the number of techniques each character can use at a time being decided by the character's class. The customizability of the three class-specific faces and characters includes selections from a large database of more than 6,000 images, and also reflects the many genres of fantasy and action RPGs.
