Stock Stalker Crack + With Registration Code [Win/Mac] [Updated]

Stock Stalker Crack Free Download is a reliable stock market tracker that enables you to view the current transaction, stock prices, buying trends, exchange rates or periodical averages, in real time. The software is simple to use and allows you to receive live feed from the stock information providers, as well as watch a particular segment of market. Simple to use application for market tracking Stock Stalker allows you to stay up to date with the sales, buys and other transactions on the stock market, per general or for a small segment. The software displays the live data in a table like layout, that you can customize by adding or removing columns. You may view the price of the most recent trade, the trend change since the previous week, the actual bid, the day's highest offer, as well as yearly statistic data. The software can return data regarding the smallest value of transaction for each company over the past year, month or week. The information is updated every second, the feed being provided by the world stock markets, DOW, NASDAQ and S&P. You can easily

copy the information from the selected rows or fields to the clipboard. Filter the live feed If unfiltered, Stock Stalker can return all the information provided by the market. However, you can search for the market segment that you are interested in, by inserting the desired symbol in the search field. Additionally, you can enter a target price, as well as a number of shares and purchase price as filters. Informational software and market monitor The software can highlight the target price and purchase price in different colors, depending on the difference between the values you entered and the live data. While Stock Stalker allows you to stay informed on the state of the stock market, it does not offer you selling or purchasing options. Additionally, you need to check the feed within the working hours of the market, otherwise, the reception is low and the data update is slow. Stock Stalker Screenshot Stock Stalker Features: - Works with world stock markets - NASDAQ, Dow Jones, S&P - Downloaded Market Data - Live Market Data - Refreshed every two seconds - Each row updated every 2 seconds - Each price updated every 1 second - Download all prices (NAIVE) - Download all prices (NETWORK) - Download all prices (AS SOCKET) - Download market statistics: Highest Price, Lowest Price
