were done booking — and, frankly, had been disappointed enough to have reached the threshold of unpalatable frustration — the dining world offers up a boon. Let's say it falls on your ears as if by magic: A new spot is opening, or a well-loved one seems to be winning, or perhaps it's time to visit a little-known neighborhood. As we come off a Summer of Theatrical Food, it might seem that

you have only room in your schedule for one burst of dining. Well, you can make it happen — just read on. For example, the dozens of new restaurants opening this year include the following: Portland's award-winning Rosa Mexicano will launch its second concept outside San Francisco, at the L.A. Live entertainment complex. Rosa Mexicano has been operating in San Francisco for more than six

years, and is the first of five Rosa Mexicano restaurants nationwide. The Portland location is slated to open in September. The all-day eatery will serve breakfast tacos e79caf774b

Then it crashes. i'm wondering if there is anything I can do to not let this crash? Here's my code: final FirebaseDatabase fb = FirebaseDatabase.getInstance(); FirebaseDatabase fbRef = FirebaseDatabase.getInstance(); FirebaseDatabase dbRef = FirebaseDatabase.getInstance(); DatabaseReference ref = fbRef.getReference(); FirebaseStorage storage = FirebaseStorage.getInstance(); StorageReference sRef = storage.getReference(); And the crash: 12-09 11:25:10.091
