But even with all of this demand in existence, rooming and boarding houses remained the standard and most prevalent form of housing became available to many in Seattle and around the country. Traveling salesmen, working-class women, the elderly and newly arrived immigrants looking for work and more affordable housing, all could live in the pre-fabricated, affordable homes or "shacks" that companies such as the John Simpson, was a typical of the early pre-fab homes that would fill Seattle with many thousands. "The Alken House in Seattle, built by John Simpson, was a typical of the early pre-fab homes that would fill Seattle with many thousands. "The next unique housing form that became popular was the "flat". The earliest flat was the "flat top", where three or four small rooms were built together to make a single living unit.
