Chennai corporation is to provide more information than other corporations for the purpose of managing medical insurance. The department of health and family welfare (DFW) was going to receive an advance payment of Rs 13 crore to fund the HIV test in the state on June 2 as part of a state-run RMC-funded free service for adult citizens. Chennai Corporation had used this service to test for HIV in the previous two years. Initially, the state government was going to spend Rs 6.65 crore to test for HIV in 2016-17, which rose to Rs 11.65 crore in 2017-18 as the amount will be about 50 per cent more than the base year. However, the amount has been cut drastically because HIV testing is not required for those under the age of 10. "It is like a zero in the budget. We are saving around Rs 1.8-2 crore each year. The examinations will be carried out by 34 medical officers of the government who have been brought in from various places in the state. So far, around 5,200 people have had HIV tests in the state. For the other schemes, only state residents will be tested. There is no mention of the money being used for testing in the budget document. An earlier version of the budget had also not mentioned Rs 13 crore as the amount that was being spent for the HIV screening. The corporation had provided the additional details to have a clearer picture of the funds being spent. "This is an on-going expenditure. We do not know about whether it has increased or not. I will have to wait for the minister's approval to know about the source of funds," a top official said. Corporation commissioner G N Annadurai had told IANS over the phone on
