Is there a cheat or a way to improve the generals. They barely rank up or gain traits, they feel bored. I would like to give them the traits myself to do this. - Yes, this is our main character! - happily exclaimed someone. He didn't have a name. "He's just like you," the general confirmed. "He won't have any special skills other than being able to walk through walls, which is rare in our world." It was hard to argue with that. - By the way, what are those things on the table? Ares asked. "These are items for which players gain experience," the general replied.- Basically, these are various elixirs.
