

Download

Before we start, Counter-Strike has a standalone client separate from the Counter-Strike Source (CSpot) client that is used to play in the game. This standalone client can be found at the second link below. It is not necessary for you to own or download the original Counter-Strike Source (CSpot) client to be able to download the standalone client.

Download CSGO standaloneNOTE: First-time download when joining a room may take longer. To use the standalone client, you need to be in offline mode. Created by Valve Corporation, Counter-Strike Global Offensive has action gameplay like no other. It is realistic in the sense that once your character dies off, you must wait for the round to be completed to use a saved life. In addition to this, all the players you play with and against are real people vs AIs. Owing to this, theres always a sense of mystery involved since you dont know how the player next to you will react. A multimillion-dollar makeover to the classic FPS, Counter-Strike is all about the action. Download it today to experience the team-based, multiplayer first-person shooter that youve been waiting for. CS GO brought back all the fun of the original series and lets you connect with other fans who love this franchise. Jump into a server and pick up some glorious kills!
