Windows 8.1 Extreme Edition (x86 X64) Full Version

windows 8.1 rtm is only available on the windows store. microsofts own tool, windows activation tool, will not work if you attempt to activate windows 8.1 on a non-store copy. i also tried using windows activation tool with the license key from my microsoft subscription, but it wouldnt work. you must obtain a retail copy of windows 8.1 to use windows activation tool. there are several ways to activate windows 8.1 with the key. the easiest method, if you already have a windows 8.1 license, is to use microsofts windows activation tool. with this tool, you can activate any valid retail copy of windows 8.1 (even if youre running the preview version). if youre running windows 8.1 preview, and you dont have a valid license key, you can upgrade to a real version of windows 8.1 by running the windows 8.1 update assistant. your upgrade will be free if you have an msdn, technet, or dreamspark (student) subscription. if you dont have one of those, youll have to pay for the windows 8.1 upgrade. the method for upgrading from a preview version of windows 8.1 to a real version is not as straightforward as the previous upgrade. youll have to download the windows 8.1 update assistant, and run it. once youve done that, youll be prompted to enter the key from your msdn, technet, or dreamspark (student) subscription, or buy a full version license. if youve already paid for a windows 8.1 full version license, and the key is lost, you can contact microsofts support page (to obtain a replacement key.1 preview license and dont have a key, there isnt much you can do. you will have to upgrade to a real version of windows 8.1 using the windows 8.1 update assistant. at the very least, youll have a working copy of windows 8.
