A Taste Of Hell Declamation Piece

it's like a test on acid. I can't concentrate, my mind keeps getting tripped. It took me an hour to write this paper. A test paper, in chemistry class. What the hell. I'm taking it anyway. The teacher is a bitch. I'm getting the hell out of here. I'm leaving, and I'm never going back. Oh, that's new. Are you moving? That's new. I haven't seen anything like that since the rednecks came. Look at that. Look at that. Bad girls you better watch your mouth. God, I hope he's still alive. Let's try to get him to eat something. Three things are certain: death, taxes, and my death if I don't watch it. Hey, I'm dead now. Fuck off. Well, my pain's gone. I mean that's the first taste of hell. This fucking suit. How do you kill yourself in this? I was trying to stay out of hell. God, I'm hungry. I haven't had anything to eat in weeks. I feel like I've been living off my mother. Why couldn't she have kept me in heaven? I wanted to see my brothers and sisters. Where are they now? They're probably happy. All is fair in love and war. Get your fuckin' hands off her, man. She's mine. The king was out hunting, and he came across a beautiful Princess. She was about to marry the King's son, but the King couldn't decide. He looked at all of the princes, but none of them were ready to take over, until. Spit it out, boy, if you're gonna tell me how much you're worth. Big deal! I'm a woman, and I've got three kids. I do the dishes, I clean the house, I bathe the kids, I run errands, and I drive the fuckin' ice. What do you expect me to do? I might as well have a bunch of fuckin' chipmunks living with me. Jesus, how much would the Prince pay to bed the Princess? If he thought he could get his way. He was dating the Princess before. Yeah, well, she's not here and I am. I'm gonna call. Oh, don't be an. I can't hear you, babe. Come on, asshole. I'm telling you, I know this guy who knows this guy who got into a cab with the 79a2804d6b
