Christmas Tree 3D Crack + Serial Key For Windows [Latest 2022]

Christmas Tree 3D Torrent Download is a small desktop enhancement program whose purpose is to help you place an animated Christmas tree on your screen. It can be deployed on all Windows versions out there. Keep it stored on pen drives You can save the tool on USB flash drives or other portable devices to have it with you all the time. In addition, you may run it without having to go through an installation process. It does not leave entries in your Windows registry and create additional files so you can uninstall it via a simple deletion task. Clean design and configuration parameters Christmas Tree 3D boasts an interactive layout. As soon as you run it, the application automatically adds a Christmas tree on your desktop which rotates itself. A star is placed at the top of the tree, while shining stars are glowing around it. In addition, you can check out an image of a snowy fir shown right in the middle of the animated tree. A few configuration settings are hidden under the hood. They can be accessed by right-clicking on the tree. The dedicated parameters look easy to decode so you are not going to spend a lot of time tweaking them. You are offered the possibility to hide or show the stars, keep the Christmas tree on top of other windows, and run the utility at Windows startup. Tests have pointed out that Christmas Tree 3D carries out a task quickly and without errors. It does not eat up a lot of CPU and memory resources so you can keep it running in the background without worrying that it affects the overall performance of the computer.
